- Conducted accurate and precise translations of a diverse range of documents from Vietnamese to English, ensuring seamless communication across language barriers.

PENWINGS CHARITABLE FOUNDATION

Hanoi, Vietnam

Co-founder

July 2018 - Current

- Founded Penwings to support and create a sustainable impact on underprivileged communities and children in Vietnam by providing them education opportunity.
- Raised and managed more than \$200k HKD to drive impactful initiatives such as building schools, sponsoring children for equal educational opportunities, and facilitating crucial medical aid, ensuring stable and efficient fund operations.

PERSONAL RESEARCH

THE CHINESE UNIVERSITY OF HONG KONG

Hong Kong SAR, China

Back testing Mean Reversion Trading strategy in perfect and non-perfect market condition

December 2024

- Crawled and processed historical data for 500 firms listed in the S&P 500 indexes using Python and Excel.
- A trading strategy that simulates buying ten of the worst-performing stocks at the close price each day and selling them at the close price the following day under two different market assumptions: a market in perfect condition, where all orders are processed instantly, and a market with slippage and low liquidity, where orders are partially executed on days with low trading volume.

Analyzing Nobel Laureates dataset

November 2024

- Utilized Python to perform EDA and data visualization on Nobel Laureates dataset
- The time interval between the publication of a scientist's Nobel-winning research and the time the person receives their Nobel Prize is growing over time

LEADERSHIP EXPERIENCE/ OTHER ACHIEVEMENTS

THE CHINESE UNIVERSITY OF HONG KONG

Hong Kong SAR, China

Student Ambassador

August 2023 - Current

- Provided vital assistance and consultancy to Vietnamese candidates interested in applying for the Chinese University of Hong Kong (CUHK) by guiding them through the application process.
- Guest speaker at the HKBU & CUHK Counsellor Fly-in Programme 2024 and CUHK Hanoi Admission Caravan 2023, shared insights on navigating the challenges of transitioning to university and highlighting the abundant resources available to support students.
